## Lining Out Evergreens

### From 2 1/4-inch Pots

These are well established plants from extra large cuttings, ready for lining out in the open field. The potted stock we are offering is all grown in pots ONE YEAR. This stock is worth more than the usual grades but our prices are the same. Samples furnished upon request.

Terms: Usual.

3% discount if cash accompanies order.

### THUYA

### Specimen Evergreens for Landscape Work

The Evergreens listed herein are well sheared and root pruned. The heavy clay soil in which all our evergreens are grown insures a solid ball when dug.
